**@LIS Call for Proposals
e-Learning and Cultural Diversity
Pilot Project named "SKILL SHORTAGE"**

**LETTER OF INTEND
For taking part in the project "SKILL SHORTAGE"**

The Computer Technology Institute of Patras and its WestGate Telematics Center department undertakes the responsibility to work on the pilot project "SKILL SHORTAGE", submitted by LRE-EGO-CreaNET Research Educational Laboratory of the University of Florence (Italy) under @LIS Programme.

CTI's contribution could be given to:

- Collaborate with the consortium in the design, development and testing of the innovative models for knowledge management aiming to improve its traditional role. It will focus in aspects related with Information and Communication Technologies.
- Contribution in the gathering process of case studies and best practices in Knowledge Management at European and Regional Level.
- Participation in transnational meetings for the exchange of experiences
- Dissemination and promotion of key project outputs within Western Greece, Epirus and Ionian Islands.
- Any other project's activities related with CTI's experience and profile and its regional collaborations within Greece (Universities, SMEs, chambers of Commerce, regional authorities)

We hereby declare our agreement and commitment in the joint implementation of the project proposal in order to fulfil the objectives of the project and also to enhance the dissemination of the project outputs.
