SKILL SHORTAGE

**Presented by:
LRE-EGO-CreaNET Research Educational Laboratory
of the University of Florence**

DeltaConsultores undersigned organisation intends to work on the pilot project "SKILL SHORTAGE", submitted by LRE-EGO-CreaNET Research Educational Laboratory of the University of Florence, Italy, under the @LIS programme.

Main project's objective is to develop, in networking, e-learning (NET LEARNING) in a context of cultural diversity among Europe and Latin American countries, and to improve professional development potential in innovative knowledge management oriented to develop new international opportunity for intellectual job. The Skill Shortage programme will survey on new ICT way for learning by means of developing and implementing a "Developmental Skill International Virtual Advanced Laboratory", dedicated to a cross fertilization of innovation quality of e-learning objects for the knowledge management in the context of the knowledge driven society.

According with it José Garcez de Lencastre declares his interest, agreement and commitment in the joint implementation of the contract; we will do also our utmost to promote transnational collaboration, to co-operate in order to fulfil the objectives of the programme and to promote to the best of our ability the dissemination of the project outputs.
